

LEGAL CAREER PIPELINE PROGRAM

**An initiative of Street Law, Inc., Association of Corporate Counsel,
and National Association for Law Placement**

Street Law's **Legal Career Pipeline Program** encourages the pursuit of legal careers by young people from groups that are currently underrepresented in the legal profession.

Legal volunteers provide role modeling, career pathway information, support, and the opportunity to step into the shoes of a legal professional and engage in simulated legal problem-solving.

- Learn how the law impacts you every day.
- Meet volunteers with careers in the law.
- Participate in legal simulations so you can see what legal professionals do and apply some of the skills you are learning.
- Get advice on legal careers.
